

IT1000

Industrial Weight Indicator & Scales

The IT1000 is a simple operation weight indicator for fast and accurate weighing of food products.

Equipment manufactured in Holland by VWS Nederland.

Manufactured entirely in Stainless Steel, the IT1000 is suitable for food production areas and wet environments.

Equipped with basic software the IT1000 allows simple linking of weight data with external IT systems.

Optionally, SureService can provide custom software solutions to allow integration of the IT1000 to your existing IT systems
